Fisheries agreement with Cuba *(Excerpt)* A memorandum on talks held between Mozambique and Cuba on expanding co-operation in the fisheries sector was signed in Maputo today. This is within the framework of the visit that Jesus Benjamin, Cuba's Vice Minister of the Fishing Industry [title as heard], has been making to our country over the past week. Cuba has been co-operating with Mozambique in the small-scale fisheries since 1978, particularly in the region from Ibo island to Maputo city.
