

South Africa to send minibuses *(Text)* The South African Black Taxi Association is to send a consignment of 200 minibuses to Mozambique to revive the paralysed transport system of that country. The SABTA president, Mr James Ngcoya, says negotiations are under way with a West Germany company to supply the Mozambicans with the type of minibuses that would suit the geographical conditions of the country. He said SABTA had further started negotiations with the long distance association to solicit permission to transport Mozambicans or tourists to Mozambique or alternatively to take passengers to the borders of Mozambique where they would be met by Mozambican taxis. *(Radio RSA in English for abroad 1800 gmt 16 Jun 89)*
