

"Voice of Free Africa" on arrest of anti-Mugabe elements in Mozambique) (Text)  
According to information received from sources close to the Presidency of the Republic in Maputo, President Samora Machel has received an anonymous document the authors of which condemn Robert Mugabe as leader of ZANU because of his markedly communist tendencies. Robert Mugabe, who, as a communist, has the total support of Samora Machel, became ZANU president when this nationalist organization's founder, the Rev Ndabaningi Sithole was imprisoned in Rhodesian dungeons. In an arrangement made with Samora Machel, the same Robert Mugabe has been able to throw various Zimbabwean ZANU [word indistinct] who oppose the Mugabe leadership into Machel's prisons.
