

**SALISBURY, November 28, 1977. — Security Forces were yesterday reported to still be deep inside Mozambique in what Radio Maputo has described as “the biggest attack ever” against the neighbouring territory.**

**According to the radio reports monitored in Johannesburg, the raid was launched five days ago against the Manica provincial capital of Chimoi-formerly Vila Pery.**

**Late last night, Rhodesia’s military command was still refusing to comment on the reports.**

**Maputo reports on the alleged raid have been carried by both RTV and RBC news bulletins over the weekend.**

**Reports reaching Rhodesia say that at least 600 Zanla terrorists loyal to Robert Mugabe’s banned Zanu organisation, have killed.**
