

NATAL NAT CONGRESS

Malan warns on missiles

**Political

THE Minister of Defence, General Magnus Malan, yesterday issued a thinly veiled warning to Angola and Mozambique not to deploy missiles along the South African and South West Africa borders.

Speaking at the National Party's Natal congress, General Malan said South Africa could not allow Sam 3 and Sam 6 missiles to be deployed along the borders.

He told the delegates that Israel had invaded Lebanon when Syria had deployed similar missiles on that country's borders.
