

MNR raid kills 16

MAPUTO.

ABOUT 50 MNR bandits carried out a midnight massacre over the weekend at Inhamizua suburb of Beira in which 16 people were killed, a reporter of Beira's *Diario de Mozambique* told AIM.

Victims included 72 who were injured.

A source said this was the first MNR massacre near Beira. Previous attacks were quick raids to steal or kidnap civilians, with an occasional murder. — Ziana-AIM-Pana.
