

1 800t
F4 8.8.86
maize sale

THE Grain Marketing Board has been awarded a contract for the supply of 1 800 tonnes of white maize to Mozambique under the EEC's Food Aid Programme.

According to a release issued this week by the EEC office in Harare, "this is an example of triangular cooperation involving the purchase in one ACP country for delivery in another ACP country."

The value of this contract is approximately \$3,8 million.
